

### **REMARKS**

This amendment is filed in response to the Office Action dated September 7, 2007. That Office Action required Applicant to submit an appropriate response regarding Claims 15, 19, 42 and 46. Applicant has deleted those claims and their depending claims to remove the basis for the Notice, and to expedite consideration and allowance of the remaining claims. In view of these amendments, the application is believed to be in condition for allowance and a notice to that effect is solicited. Nonetheless, should any issues remain that might be subject to resolution through a telephonic interview, the examiner is requested to telephone the undersigned.

Respectfully submitted,

/Jack V. Musgrove/
